

Press Release

ENVIRONMENTAL AWARD FOR Deva Medical Electronics Ltd

Following an assessment by an independent body, Deva Medical Electronics Ltd has been awarded ISO 14001 certification. This certification has only been achieved by less than 1% of UK businesses and this prestigious award is supported by the Government and recognised world-wide. Said a delighted Mr Roy Betteley Managing Director “We have always been proud of the service we offer our clients and the way that we conduct our business with regard to environmental matters. Now with the award of ISO 14001 certification, this has been confirmed by outside experts who are used to judging standards on a daily basis in a wide variety of trades and industries”.

Mrs Wynn Walker, who undertook the assessment for QMS Quality Management Systems, paid particular tribute to “the investment in people and training that enables Deva Medical Electronics Limited to provide an efficient and environmentally friendly service to their customers.”
